

AERO SLEEVE

The Aero Sleeve is the ultimate protection solution for K-12 laptops and tablets. Constructed from highly durable compression-molded foam and a plush interior lining, devices are securely encased and protected against impact and compression. The sleeve provides best-in-class drop protection of up to 6 feet, exceeding military standards.

FEATURES

1. Highly protective compression molded foam construction
2. Cushioned interior lining holds devices snugly in place
3. 360-degree bound edge with Crumple Zone corners provide superior drop protection
4. Drop tested to prevent falls from up to six feet, exceeding military standards
5. Optional accessory pouch and shoulder strap available
6. Flap closure with custom center-push buckle
7. 100% Lifetime Guarantee
