

Universal AC Adapter with Type-C and QC 3.0 Multi USB Ports

.....

Robust charging support
for the mobile professional

Overview:

Aluratek's Universal AC Adapter with Type-C and QC 3.0 Multi USB Ports is the perfect solution to ensure that your personal laptop and USB powered devices are charged when you are on-the-go.

The Universal AC Adapter with Type-C and QC 3.0 Multi USB Ports plugs into any AC power outlet providing a reliable power source. The adapter is small and compact with attachable legs so you can place it down on any flat surface. It is well-suited for a Microsoft® Surface and a variety of laptop brands including Lenovo®, IBM, Samsung, HP®, Dell etc and has built-in surge protection for safety.

Features:

- Full Range 100-240V AC Input
- 9 charging tips for maximum compatibility
- Power Protection - Complete Circuit & Input Fuse Protection
- USB 5V/2A charging port
- Safety Certified - UL / cUL / FCC / CE
- Compact and lightweight - perfect for mobile professionals
- Limited 1 Year Warranty

Universal Compatible

The Universal AC Adapter with Type-C and QC 3.0 Multi USB Ports is a versatile charging solution for the mobile professional. Included are 9 interchangeable DC charging tips compatible with virtually all major laptop and Microsoft® Surface. ANPA03F plugs into any AC power outlet anywhere around the world* and provides a reliable power source to run and charge your computing device's internal battery.

* NOTE: An additional (international) wall plug adapter may be necessary to plug into some AC power outlets outside of the United States, but this adapter does not require a separate voltage converter once properly connected to an AC power source.

Versatile Charging Capabilities

The Universal AC Adapter with Type-C and QC 3.0 Multi USB Ports can charge your Microsoft Surface tablet and also includes 2 USB ports that deliver enough power to charge most USB powered devices such as smartphones, tablets, gaming devices, mp3 players, bluetooth speakers, bluetooth headsets, and more. The original charging cable that came with your mobile device is required.

Easy Travel Companion

The Universal AC Adapter with Type-C and QC 3.0 Multi USB Ports features a smooth, black, matte case making it easy to travel with. Weighing in at less than half a pound, anyone can conveniently store the adapter away in a briefcase, backpack or purse.

Package Contents:
