

## MAGNETIC LOCK 600 lbs HOLDING FORCE

0E-MAG600LB

This professional grade 600 lbs. Magnetic Lock is UL/ULC listed and finished in anodized aluminum. It is the perfection solution for many access control applications.

- 600 lbs. (272 kg) Holding Force
- Brushed Aluminum Finish (US28)
- Field Selectable 12/24 VDC Operation
- Compatible with all access/egress systems
- Heavy duty vandal resistant construction
- On-board MOV's provide protection against voltage spikes and surges
- Current Draw: 480mA@12 VDC, 240mA@24VDC
- 24 Month Warranty

PART #: **0E-MAG600LB**  
UPC: **811914029915**

Magnet Length: 9-7/8" (250 mm)  
Magnet Width: 1-1/8" (29 mm)  
Magnet Height: 2-3/16" (56 mm)  
Armature Length: 7-5/32" (182 mm)  
Armature Width: 15/32" (12 mm)  
Armature Height: 1-3/4" (44 mm)
