

## Gigabit PoE+ Injector

**0E-30WPOEINJ**

Use PoE Injector with PD (Powered Device) to expand your network connectivity to areas where there are no power outlets. The idea is to power up IP devices utilizing single ethernet cable providing data transfer & power supply.

- Full IEEE 802.3af/at Compliant
- Supports PoE Power up to 30 watts for PoE port
- Supports 10/100/1000Base-T Applications
- LED Indicators for Power Input and PoE Output
- Internal Power Supply
- Corresponding Power Cord Included
- Easy Set-up: Plug and Play
- Warranty : 36 Months

PART # : 0E-30WPOEINJ

UPC : 840049303362

Input Voltage: 100-240VAC

Output Power: 54VDC 30W

Dimension: 4 45/64" x 2" x 1 26/64"  
121mm x 50mm x 36mm

Weight : 0.66 lb

0.30 kg

Product Certification:
