## **Basic valve VZWE-E-M22C-M-G112-400-H**Part number: 1239565

**FESTO** 

## **Data sheet**

| Feature                                  | Value  |
|--|--|
| Type code                                | VZWE   |
| Structural design                        | Angled version<br>Diaphragm valve                              |
| Actuation type                           | Electrical   |
| Sealing principle                        | Soft   |
| Mounting position                        | Any  |
| Type of mounting                         | Screwed tightly<br>With thread                                 |
| Process valve connection 1               | G1 1/2   |
| Fitting connection 2                     | G1 1/2   |
| Nominal width                            | 40 mm  |
| Valve function                           | 2/2, closed, monostable  |
| Manual override                          | None   |
| Flow direction                           | Non-reversible   |
| Medium                                   | Compressed air as per ISO 8573-1:2010 [7:4:4]                  |
| Differential pressure                    | 0.35 bar   |
| Reset method                             | Mechanical spring  |
| Type of control                          | Pilot-controlled   |
| Symbol                                   | 00995358   |
| Medium pressure                          | 0.35 bar 8 bar   |
| Information on operating and pilot media | Operation with oil lubrication not possible                    |
| Ambient temperature                      | -20 °C 60 °C   |
| Flow rate Kv                             | 48 m³/h  |
| On switching time                        | ≤30 ms   |
| Switching time off                       | ≤100 ms  |
| Note on materials                        | Contains paint-wetting impairment substances<br>RoHS-compliant |
| Housing material                         | Die-cast aluminum  |
| Material number of housing               | EN AC-47100D   |
| Seals material                           | NBR  |
| Material of screws                       | High-alloy stainless steel                                     |
| Material number of screw                 | 1.4301   |
| Armature tube material                   | High-alloy steel   |
| Diaphragm material                       | NBR-PA   |
| Product weight                           | 1300 g   |
| Degree of protection                     | IP65   |

| Feature                                      | Value                     |
|--|---------------------------|
| Corrosion resistance class (CRC)             | 3 - High corrosion stress |
| Max. tightening torque for connecting thread | 240 Nm                    |
