

## **Data sheet**

| Feature   | Value  |
|---|--|
|   |  |
| Size  | Standard   |
| Nominal width                                   | 8.992 mm   |
| Type code                                       | QBLF   |
| Type of seal on screwed trunnion                | Coating  |
| Mounting position                               | Any  |
| Structural design                               | Push-pull principle  |
| Operating pressure for entire temperature range | -0.951 bar 9.997 bar   |
| Temperature-dependent operating pressure        | -0.951 bar 9.997 bar   |
| Operating medium                                | Compressed air as per ISO 8573-1:2010 [7:-:-]                  |
| Information on operating and pilot media        | Operation with oil lubrication possible                        |
| Corrosion resistance class (CRC)                | 1 - Low corrosion stress                                       |
| Ambient temperature                             | 0 ℃ 60 ℃   |
| Max. tightening torque                          | 22 Nm  |
| Product weight                                  | 57.012 g   |
| Pneumatic connection 1                          | Internal thread 3/8 NPT  |
| Pneumatic connection 2                          | for pneumatic tubing outside diameter 1/2"                     |
| Releasing ring color                            | Gray   |
| Note on materials                               | Contains paint-wetting impairment substances<br>RoHS-compliant |
| Housing material                                | Brass, nickel-plated<br>PBT                                    |
| Material of threaded seal                       | PTFE   |
| Releasing ring material                         | РОМ  |
| Material of tubing seal                         | NBR  |
| Material of tube retaining claw                 | High-alloy stainless steel                                     |
