

HEADACHES?

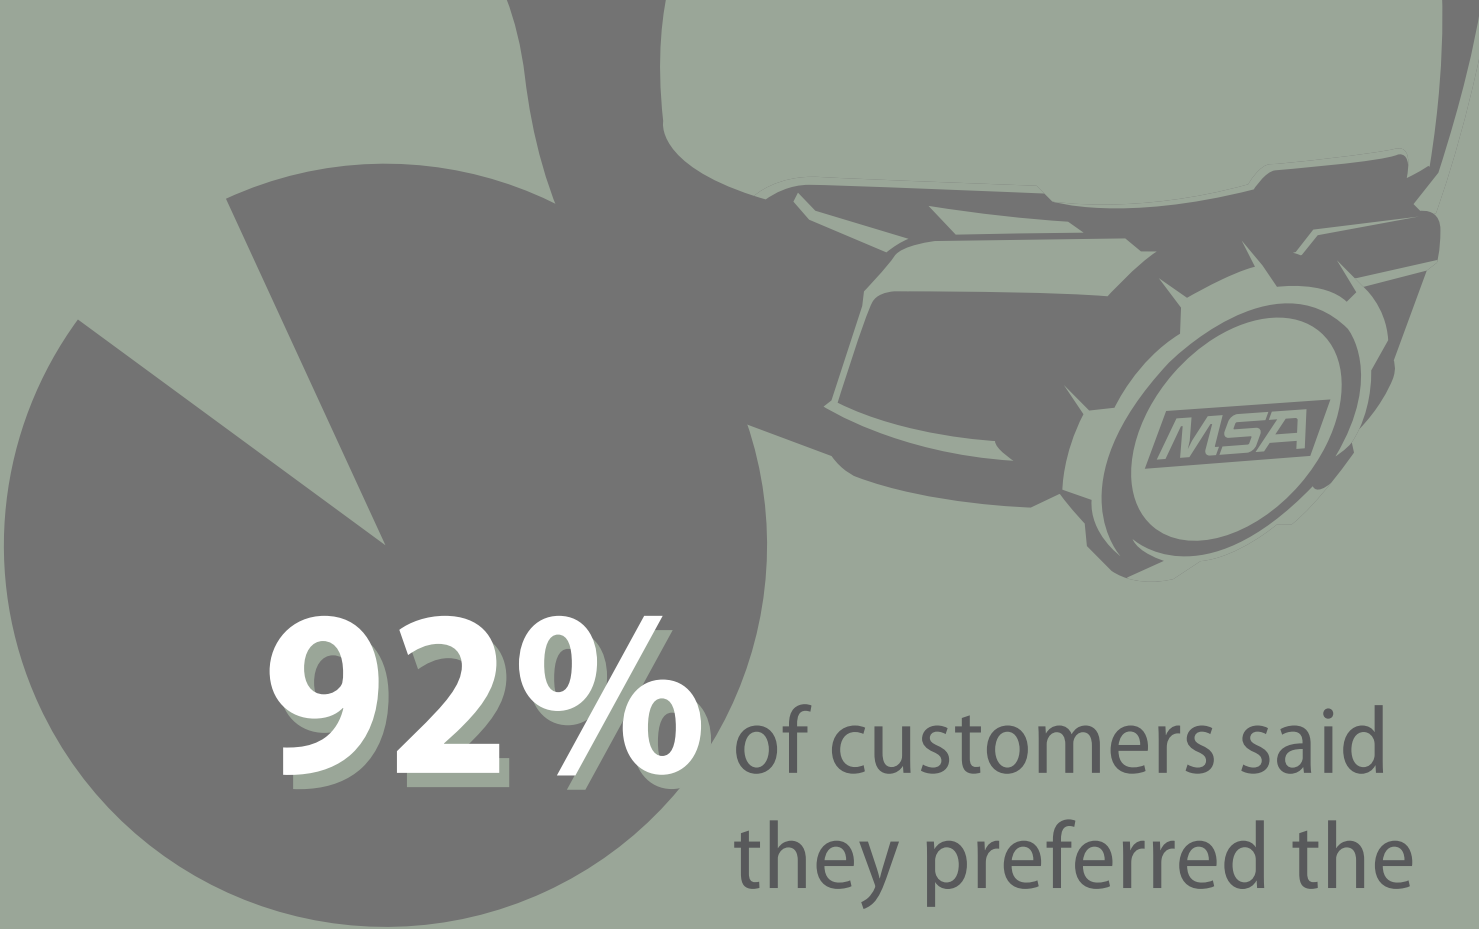

We have the
PRESCRIPTION

The NEW

Fas-Trac[®] III Suspension

for MSA industrial helmets

92%

of customers said
they preferred the

Fas-Trac III Suspension

ADVANTAGES

IMPROVED RETENTION & STABILITY

The lower nape
strap increases
**BALANCE
& STABILITY**

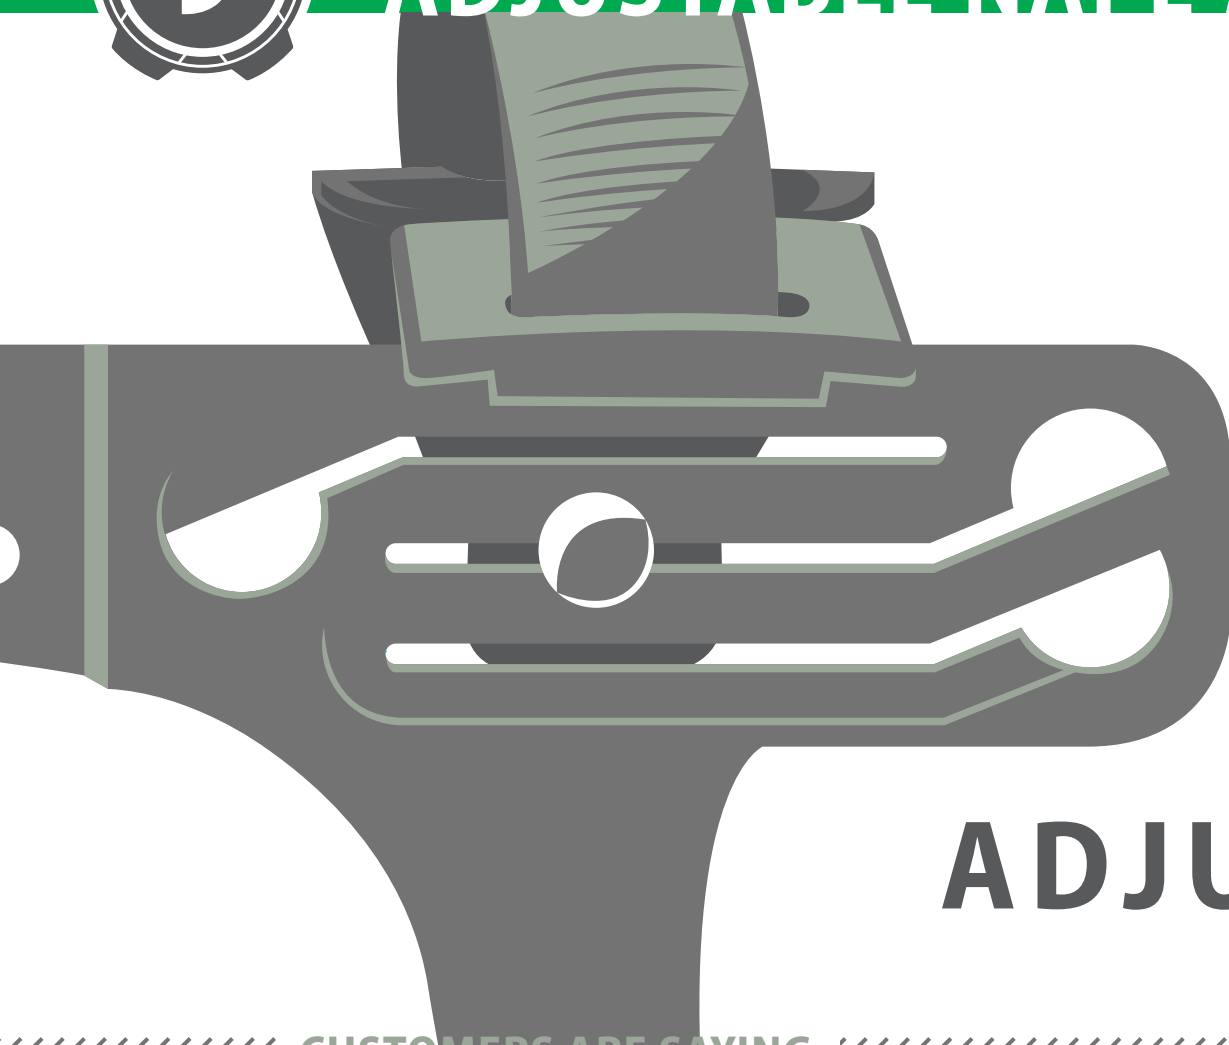

Helmet retention is greatly improved.

CUSTOMERS ARE SAYING:

*Fits lower on the back of the head.
Helps helmets stay on when guys are leaning over.*

ADJUSTABLE NAPE STRAP

3

levels of

ADJUSTMENT

CUSTOMERS ARE SAYING:

Easier to use. More adjustment choices.

REDUCED PRESSURE POINTS

Flush
suspension
tabs eliminate
**COMPRESSION
HEADACHES**

CUSTOMERS ARE SAYING:

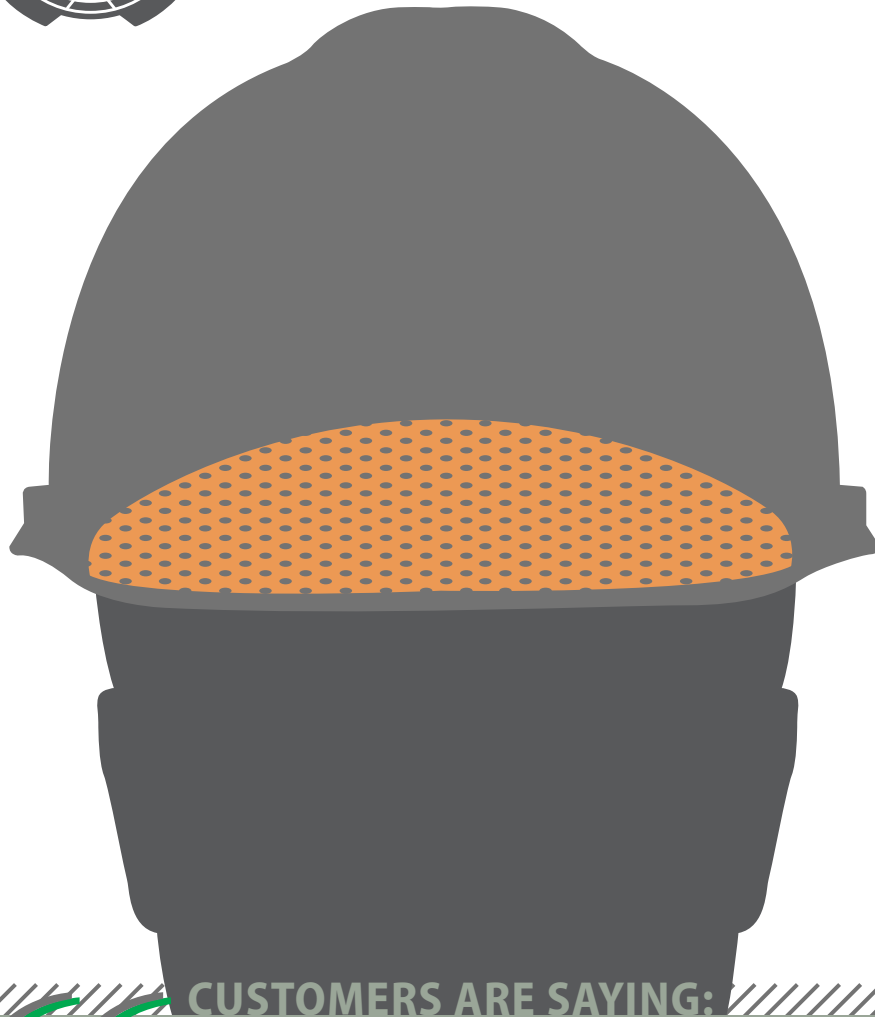

*I like the new suspension a whole lot more
due to security and comfort of fit.*

SWEATBAND COVERS FOREHEAD COMPLETELY

Integral, perforated
sweatband puts
barrier between

HEAD and
HEADBAND

CUSTOMERS ARE SAYING:

“More comfortable.”

SWEAT-WICKING ACCESSORY

Optional accessory attaches
**while suspension is
in the helmet**

CUSTOMERS ARE SAYING:

The cloth sweatband accessory is awesome.

OPTIMIZED RATCHET

CUSTOMERS ARE SAYING:

“Adjusts better to head size.”

THOUGHTFUL DESIGN

Right-sized ratchet is

GRASPABLE

even while wearing
WORK GLOVES

CUSTOMERS ARE SAYING:

Easier adjustment—less pressure needed to turn it.

COMFORT PAD

Comfort pad
provides

CUSHIONING

and improved **AIRFLOW**

CUSTOMERS ARE SAYING:

The comfort pad prevents hair from getting pulled.

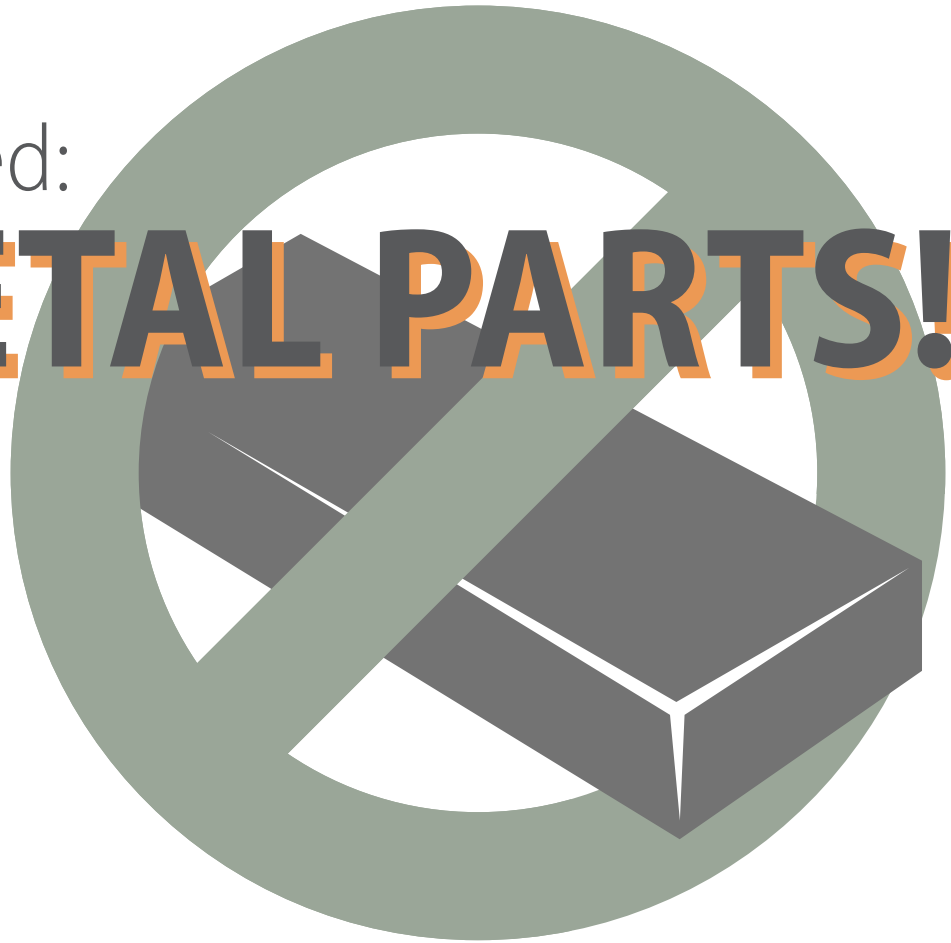

NO METAL PARTS

Users demanded:

NO METAL PARTS!

FOR USE WITH MARKET-LEADING MSA HARD HATS

NO CHANGE

in part numbers for
helmet/suspension
assemblies!

CUSTOMERS ARE SAYING:

The operators love the way it fits!
