Do you need multiple delivery dates throughout the year? Contact our sales engineers to discuss blanket order options to take advantage of quantity discounts.

Blanket orders:

- Satisfy recurring requirements
- Save time and reduce administrative costs by eliminating repetitive purchase orders
- Permit purchasing to leverage buying power through volume purchasing
- Reduce procurement lead time, especially for parts not commonly held in stock

Blanket orders save you from having to hold greater than necessary amounts of stock, save you the trouble and expense of processing frequent purchase orders, and reduce the lead time required for recurring orders.

For matching QD® bushings, see page 372.
