Product Information

Are your 4000, 4040, 5506, or H5006 sealed beam headlights feeling a little dim? Race Sport Lighting ignites the road with our new 5.75" LED headlight. Unlike our PN# RSWL78SLT, this piece has an integrated halo which can be used for a Day time running light or just purely aesthetics! Intended primarily for Harley-Davidson's this LED packs a punch with a considerably stronger stream of light. With its assortment of LEDs, the new lamp looks much more modern as well. More importantly, you will no longer need to be leery of taking your vintage vehicle out at night. These Headlights also pair perfectly with our LED Fog Lights (PN# RSJ14SLT).
