

## PNEUMATIC HEIGHT ADJUSTABLE TABLE LX-PNADJ-ROUND

Luxor's new round pedestal table is multi-functional and easily fits any work station, bar or café, trade show environment, or social venue. This versatile table features a pneumatic lift pedal that quickly and smoothly adjusts the table to any height between 27.5" and 42", allowing for both seated and standing functions. The contemporary tabletop, simple height adjustment, and durable steel base makes this table the ideal choice for any space, use, or venue.

- Table is perfect for offices, schools, restaurants, tradeshow, social settings, and more
- Pneumatic foot pedal effortlessly adjusts the table height between 27.5" and 42"
- Smooth tabletop surface is ideal for collaboration spaces or home environments
- Crafted with durable materials for prolonged use and reliability
- Sturdy steel base keeps table level and motionless
