

Portable Monitors

Productivity, Anywhere

Make More Out Of Your Workday

The pace and complexity of today’s challenges demand fluid, adaptable ways of working. With more of us balancing a stack of rapidly-shifting tasks between the office and home, our tools need to move as quickly and as freely as we do for us to stay productive.

Luxor’s comprehensive line of portable monitors makes this kind of productivity easy. Much more than a second screen, our portable monitors allow you to expand your display area while unlocking new levels of efficiency, focus, and freedom.

With Luxor Portable Monitors, you can see more and do more -- even when you are on the go.

Enhance your workday with ease:

- Work from anywhere, with more portability than a laptop.
- Seamlessly flow through tasks with expanded digital space.
- Easily connect, centralize, and organize multiple devices.

Benefits

Portable Productivity

Centralized Connectivity

Expanded Digital Workspace

Your workspace solutions partner

For over 75 years, Luxor Workspaces has been dedicated to delivering reliable, flexible tools designed to meet the needs of modern workdays. With a commitment to service excellence at the forefront of all we do, our dedicated team of experts is here to help you find your perfect workday solutions, every step of the way.

Portable Productivity

Accomplish anything, from anywhere

Whether you want to enjoy desktop efficiency at a coffee shop or finish a task on the way to your next meeting, Luxor's portable second screens enable the freedom to get productive from anywhere you want to work. Designed for the traveling professional, each monitor is lightweight, durable, and fits easily in a bag or briefcase.

Why choose Luxor portable monitors?

- Lightweight and durable design makes travel easy.
- The productivity of two desktops with the portability of a laptop.
- Freedom to use as a standalone monitor or as part of a multi-screen workstation.

Expanded Workspace

Enhance your space and your workflow

Upgrade your digital space to experience a more efficient workflow – with no need to switch tabs or squint over split screens. With extra digital real estate, you can breeze through multiple platforms and reduce your cognitive load. Featuring an optional swivel feature, you can also flexibly shift your screen for collaboration or presentation. Whether you're an expert gamer or someone who needs to reference several sources of material at work, multiple screens make productivity and focus effortless.

Why expand your digital workspace with Luxor?

- Expansive screen space allows for an easier flow between platforms.
- Swivel feature enables easy collaboration and presentation.
- Enhanced productivity and reduced cognitive load with better access to reference materials.

Connection Maximized

Connect and organize peripherals in one place

Equally intuitive as standalone monitor or as part of a multi-screen arrangement, Luxor portable monitors easily connect with your devices to create a fluid and centralized workstation. The docking station or USB-C hub make it easy to power and connect all your monitors and accessories in one place, keeping your workspace organized, clutter-free, and working in unity. Eliminating the need to wait for downloads between devices, high transfer speed with pass-through power allows information to move fluidly between displays, letting you experience a more efficient and harmonious workflow.

Why connect at a Luxor hub?

- Hassle-free, instant connection between peripherals.
- Data and power are quickly delivered to devices.
- Your monitor, power, hard drive, mouse, and keyboard are organized in one place, keeping your workspace tidy.
