

# Good Sense®

## Automatic Spray System

Concentrated aerosol technology that delivers a dry and fine mist of odor counteractant resulting in long-lasting action against malodors.

### Features & Benefits

- A simple and efficient solution to on-going odor control needs
- No complex programming required, the unit can be set up in 2 easy steps
- Integrated photocell that when activated, switches unit automatically to night mode when lights are out
- Continuously freshens air anywhere odors are present
- Delivers a fine dry mist of odor counteractant resulting in longer lasting odor control
- Multiple delay settings are available to customize operations

### Applications

- Use anywhere you need to control unwanted odors
- Efficient against tobacco, mold and mildew odors and other washroom malodors

**Use Instructions**

- Mount unit to the wall in an area where odor control is needed
- Insert tip of refill cartridge into nozzle inside the dispenser cover
- Slide base of the refill into place slightly sideways, and twist refill to align it into slot
- Press the Reset button inside the dispenser
- Place the cover back on the back plate
