

# Easy Paks®

## Neutral Cleaner

Loosens and removes soil often found in high traffic areas while protecting high gloss, high solids finishes.

### Features & Benefits

- Pre-measured packets make it easy to use
- Storage tub saves space and weighs less than 3 lbs
- Phosphate-free formula leaves no dulling film, even without rinsing and provides a beautiful, glossy finish with a fresh, pine forest fragrance
- The effervescent action guarantees that both the cleaner and the packet will dissolve, quickly and completely

### Applications

- Ideal for cleaning surfaces such as terrazzo, marble, slate, vinyl and vinyl asbestos, asphalt, ceramic, and quarry tile

### Use instructions

Easy Paks<sup>®</sup> Neutral Cleaner loosens and removes soil while protecting high gloss finishes. Leaves no dulling film, even without rinsing. For surfaces ranging from terrazzo, marble, slate and vinyl to asphalt, ceramic tile, quarry tile, concrete, painted surfaces and vinyl.

- For routine cleaning, add one packet to 3 U.S. gallons/11 L of warm or hot water. Also use this dilution ratio for all automatic scrubber applications.
- Add packet to warm or hot water and stir gently to form a uniform solution.
- Apply solution with mop or automatic scrubber.

**Note:** Do not remove packets before use. Do not handle packets with wet hands. Reseal container after removing packets. Store in a cool, dry place. Position wet floor signs around area to be cleaned. Floors will be slippery when wet or contaminated with foreign materials. Promptly cleanup spills and foreign materials.

### Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
