

## Provide a Better Solution for Hand Hygiene

### Help Your Customers Encourage Proper Handwashing and Sanitizing in Their Restaurant with PURELL® Brand Starter Kits

Now that sanitizer is being used in public places two times more than in the past, PURELL® Brand Starter Kits encourage use at key moments, like before handling food or eating. Since the PURELL brand is known for fighting germs and caring for hands, it helps increase compliance and provides a better guest experience.

**4X**

People are 4x more likely to use a name brand compared to an off brand<sup>1</sup>

8 out of 10 customers stated that restaurants that provide PURELL® products are focused on food safety and cleanliness

## PURELL® Hand Sanitizer and Soap Dispenser Starter Kits

Each starter kit comes with a dispenser, product refill, and the hardware required for your customer to hang it on the wall. Kits are available in manual and touch-free dispensing and are durable even in high-traffic locations. Refills are easy to change, and the transparent bottle allows staff to monitor hand sanitizer and soap levels with just a look.

Customers can choose from hand sanitizer or hand soap dispensers. PURELL® hand sanitizer kills 99.99% of most common germs that cause illness and is clinically proven to maintain skin health. PURELL HEALTHY SOAP™ features a dye- and fragrance-free formulation that removes dirt and germs while nourishing hands.
