

Collaboration Easels

New industry standard for design and construction.

Collaboration Easels

Presentation Flipchart Easel in Charcoal

High Performance Made Simple. Iceberg’s easels provide some of the most effective tools for collecting, communicating and displaying information.

Presentation Flipchart Easel

- Constructed of blow-molded high-density Polyethylene resists scratches and dents
- Dual sided – mount pads on both sides
- Pad retainer securely holds 27" x 34" pads
- Four locking casters, and grab handles for easy transportation
- Inside shelf is great for storing projectors or other needed presentation items
- Gravity marker retention – markers always ready for use

Presentation Flipchart Easel Accessory Compartment

Portable Flipchart Easel in Charcoal

Portable Flipchart Easel

- Body constructed of blow-molded high-density Polyethylene
- Dent and scratch resistant
- Grab handles for easy movement and stability
- Pads securely mount to board with thumb screws
