## MSSC LABEL DISPENSER

***Stick with a durable dispenser that works with most labels.***

The MSSC Label Dispenser has a unique design that works with almost any label construction. Simple to operate and built to last, it will keep up with your most demanding production requirements day after day. Additional features include an adjustable unwind tension system and a vertical peel edge for ergonomic dispensing. Add the Smart-Jet Blue and you can now easily print everything from date codes to bar codes. For an economical and proven solution in a label dispensing system, stick with MSSC.

Contact your distributor to order or to see the full line of superior quality MSSC products.
