

PIG® Battery Acid Neutralizing Absorbent Pillow

PIL2300 Each absorbs up to 19.2 oz., 4 pillows per box

Soak up, trap and neutralize spilled sulfuric acid from lead acid batteries with this color-changing pillow that shows you when it's safe to handle.

- Encapsulate and neutralize battery acid spills with this absorbent pillow.
- Place in areas where battery acid spills or drips are common for quick and easy battery spill cleanup.
- Rely on changing shades of color to tell how safe pillow is to handle; color guide included within Guidelines for PIG Acid Encapsulating and Neutralizing Absorbents document under Resources and Downloads.
- Pillow traps lead-acid battery acid, converts it from liquid into gel and contains it for easy disposal.

Specifications
