

Safety Cutters

Longer Lasting & More Durable than Traditional Blades

Designed with safety and function in mind.

WESTCOTT
Since 1872®

WESTCOTT®

Cut Shipping Materials

Not Yourself

Westcott's ceramic safety cutters offer a safer alternative to steel blade box openers. The ceramic blades will stay sharper longer than traditional blades and provide consistent cutting performance across mass packaging materials, leaving your employees safe and on the job.

Westcott safety cutters are a safer, more dependable box opening solution - perfect for home, office, garage, or warehouse.
