

# Aisle Marking Tape

## PVC FILM TAPE

# INTERTAPE POLYMER GROUP®

## TECHNICAL DATA SHEET

### DESCRIPTION

Vinyl safety aisle marking tapes are designed specifically with high visibility or immediate visual impact in mind. Their bright solid colors and/or striped pattern are perfect where lane marking, hazard identification, and coding is required.

Soft polyvinylchloride (PVC) base film provides for durability, puncture, tear and scratch resistance. Specially blended rubber adhesive makes these tapes adhere quickly to surfaces while conforming well even on irregular surfaces. Tapes adhere firmly while removing cleanly off most surfaces. Color throughout the film ensures consistent visibility during tape use.

### PRODUCT APPLICATION

For lane marking and hazard identification.
