

## QUINTET AC™ Blood Glucose Meter

The Quintet AC™ blood glucose meter has been specially designed for the needs of clinicians concerned with patient diabetes management. Advances in technology provide features specially designed for a multiple patient environment; however, this product is also approved for use for self-testing. The system features auto-coding, which allows it to automatically calibrate using Quintet AC™ blood glucose test strips for quick and accurate testing. The product also features a large memory capability, minimal sample size, and an easy-to-read LCD screen with backlight.

### Features and Benefits

- Auto-coding for quick and accurate testing
- Alternate test sites: fingertip & forearm
- Results in 5 seconds
- Large memory; capable of recording up to 500 tests
- Calculates daily, weekly and monthly averages to better monitor blood glucose levels
- Minimal sample size of 1 µL
- Easy-to-read LCD screen with backlight
- Ergonomic design and “glove grip” paddle strips
- 1,000 test battery life
- Instructional Video: <https://tinyurl.com/46tmxxdw>
