

PIG™ Microbial Oil-Water Separator Remediator

CLN941 Remediator,(2) 2.5 gal. Container,2 per box

Keep your oil-water separator working optimally with this environmentally friendly solution to hydrocarbon contamination.

- Significantly reduce hydrocarbon contamination in oil-water separators and interceptors which keeps disposal and transportation costs low
- BioBreaker microbes digest hydrocarbons through bioremediation, naturally converting them into water and harmless gases
- Eliminates hydrocarbon accumulation that causes backups which can interrupt production at your facility
