

PIG™ Microbial Oil Remediator for Septic Systems

CLN943 Remediator,(2) 2.5 gal. Container,2 per box

Keep your septic system running efficiently with this environmentally friendly solution that "eats" hydrocarbons and other substances that can cause backups and system failure.

- Break down and eliminate hydrocarbons plus food and vegetable grease, oils, starches and lipids to keep your septic system working optimally
- BioBreaker microbes digest hydrocarbons through bioremediation, naturally converting them into water and harmless gases
- Stormwater-safe solution won't harm the environment
- Use monthly as a preventative maintenance procedure
- Product is concentrated; dilute 10:1

Specifications
