

PIG™ Microbial Oil Remediator for Septic Systems

CLN944 Remediator, 1 gal. Container, 1 each

Keep your septic system running efficiently with this environmentally friendly solution that "eats" hydrocarbons and other substances that can cause backups and system failure.

- Break down and eliminate hydrocarbons plus food and vegetable grease, oils, starches and lipids to keep your septic system working optimally
- BioBreaker microbes digest hydrocarbons through bioremediation, naturally converting them into water and harmless gases
- Stormwater-safe solution won't harm the environment
- Use monthly as a preventative maintenance procedure
- Product is concentrated; dilute 10:1

Specifications
