

PIG™ Microbial Crude Oil Remediator

CLN946 Remediator, 1 gal. Container, 1 each

Our stormwater-safe solution treats and cleans crude oil and its byproducts on hard surfaces, soils, gravel, pits, machinery and oil rigs. Environmentally friendly formula requires no containment or cleanup!

- Break down and eliminate all known components of crude oil in all phases of oil field operations; eliminate rain runoff and sheen emissions
- BioBreaker microbes digest hydrocarbons through bioremediation, naturally converting them into water and harmless gases
- Stormwater-safe solution can enter storm drains and absorb into soil without harming the environment
- Easier than using cleaners and degreasers that cannot be allowed into waterways or groundwater systems — just check the SDS, Section 6, on competitor cleaners to see the warning!
- Applies easily using a manual sprayer and light agitation or pressure washer; product is designed to work over time as a repeated application
- Product is concentrated; dilute 15:1

Specifications

Style	Remediator
Brand	PIG
Intended Use	Hard Surfaces, Soil, Gravel, Oil Pits, Machinery and Oil Rigs
Treats	Treats up to 1,485 sq. ft. or 473 2 ft. Dia. Stains in Single Application
Volume	1 gal. Container
VOC Content	VOC-Free
Color	Brown
Sold as	1 each
Weight	8.8 lbs.
# per Pallet	60
Composition	Bacterial Cultures

Water
Alkypolyglycoside

Shelf Life 2 years

UNSPSC 47131821

Metric Equivalent

Weight 4 kg

Technical Information

USOnly

This product can ONLY be shipped to the United States.
