

## PIG™ Oil Remediator for Soil, Grass and Water

CLN951 Remediator, 5 gal. Container, 1 each

Break down and eliminate oil and fuel spills on soil, grass and water with our stormwater-safe solution. Environmentally friendly formula requires no containment or cleanup!

- Clean oil and fuel spills on soil, grass and water to eliminate rain runoff
- Enzymes in the liquid act as "food" for microbes that occur naturally in the environment; microbes digest hydrocarbons through bioremediation which turns them into water and harmless gases
- Stormwater-safe solution can enter storm drains without harming the environment
- Easier than using cleaners and degreasers that cannot be allowed into waterways or groundwater systems — just check the SDS, Section 6, on competitor cleaners to see the warning!
- Simply spray product onto spills; no dilution necessary (multiple applications may be required for heavily contaminated areas)

### Specifications

<b>Style</b>	Remediator
<b>Brand</b>	PIG
<b>Intended Use</b>	Asphalt and Concrete Surfaces, Soil, Grassed Areas and Water
<b>Temperature Limit</b>	Works from 32°F (0°C) to 132°F (55°C)
