

# PIG Sticky Steps Mat

## How to apply PIG Sticky Steps Mat to Floor or Frame (MAT568)

### Step 1 — Remove bottom film

Remove protective film from bottom of Sticky Steps Mat to expose the tacky surface for “tacking down” to floor or frame (MAT568).

### Step 2 — Adhere mat to floor or frame

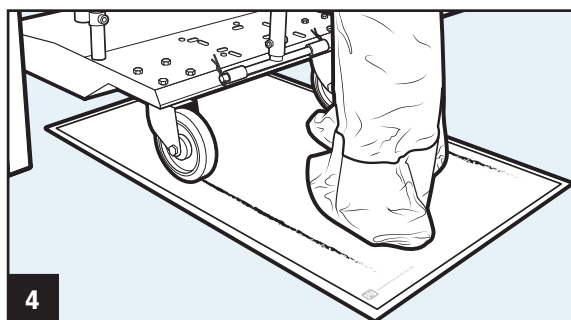

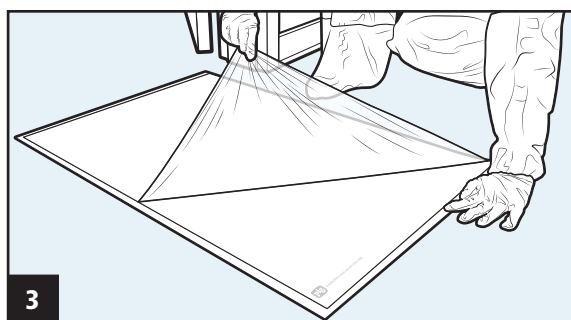

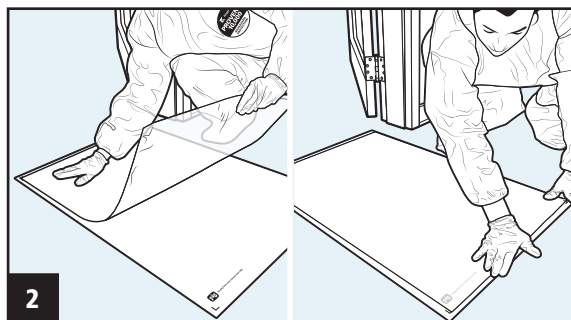

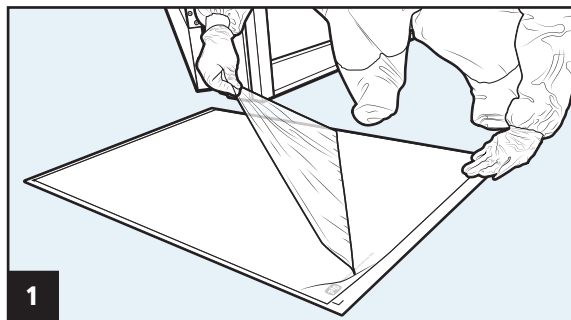

To adhere to floor, press one corner of the tacky bottom side of the mat to the floor and slowly smooth out the mat until it is completely attached. To adhere to frame (MAT568), align corners of the tacky bottom side of the mat with the carets found in each corner of the frame. Press one corner down and smooth out the mat until fully tacked down.

### Step 3 — Remove top film

Peel off protective top film to expose the first Sticky Steps Mat.

### Step 4 — Ready for use

Sticky Steps Mat is now ready for use. The specially formulated nontransferring adhesive will capture dirt and dust from anything that moves across the mat’s surface. When a dirty mat sheet has lost its tackiness, simply peel it off to expose a fresh Sticky Steps Mat.
