

PIG® Chemotherapy Drug Spill Kit

KIT2013 Each absorbs up to 2.5 L, Absorbs Chemotherapy Drugs

Be prepared for proper handling and cleanup of hazardous drug spills with a high-quality spill kit that helps meet USP General Chapter 800 standards.

- Chemo spill kit helps meet USP General Chapter 800 standards for safe handling of cytotoxic drugs
- Helps comply with requirements that spill kits must be part of your chemotherapy spill protocol and readily available in all areas where hazardous drugs are routinely handled
- PPE helps to meet USP General Chapter 800 standards, including twice as many gloves relative other equipment to enable double-gloving during each cleanup, per standards
- PIG Absorbent Mat Pads help to quickly soak up and contain spilled cytotoxins
- Disposal bag is labeled for proper hazardous waste disposal (non-sharps only)
- Helps protect a wide range of personnel wherever exposure may occur during receiving, dispensing, compounding and patient care
- Ideal for use in pharmacies, hospitals, healthcare facilities, patient treatment clinics, physicians' practice facilities and veterinarian offices
