

PIG® Bucket of Meltblown Polypropylene Wipers - Add Your Own Disinfectant

WIP1802 For Quat-Based Sanitizers, Commercial-Grade & EPA List N Disinfectants, Cleaners, 12" x 12", 540 wipers (6 rolls of 90 each)

Just add disinfectant to the bucket to create your own cleaning wipes! 100% polypropylene wipers are chemically compatible with the strongest cleaners.

- Roll of disposable wipers in a bucket allows you to create your own cleaning wipes by adding the antibacterial cleaner, disinfectant or sanitizer of your choice
- Chemically compatible with many cleaners, EPA List N disinfectants, and quaternary ammonium sanitizers
- Reusable, compact white polyethylene bucket has an easy-to-reseal dispensing top
- Closed, all-in-one bucket system means less contamination and exposure to chemical vapors, spills and splashes; safer than an open bucket
- Soft, durable wipers won't scratch surfaces but clean rough areas without shredding
- Saturating wipers in a bucket help reduce waste compared to using dry wipers with multiple spray bottles
