

PIG® Reusable Water-Filled Barrier

WTR042 Ideal For Washdowns, Temporary Water Diversion, 3" x 25', 1 each

Contain and channel water during washdown or small floods with this reusable water-filled barrier.

- Sandbag alternative is easy to use, move and store
- Ideal for controlling and redirecting most water during power-washing, small floods and other minor weather events
- Reusable water-filled dike equips you with flood protection across repeated short-term deployments, saving money
- Lightweight when empty for quick placement
- Swells to 3 inches in diameter when full
- Thick, industrial-hose material, made from PVC, provides heavy-duty strength
- Gravity-based berm stays in place under its own weight
- Threaded cap holds water in reliably
- Roll up when finished using and store in minimal space
