

GoFit® 3 / 6 / 10 w/Blower Door Accessory

The **ProTeam GoFit Series** is a recently released lineup of backpack vacuums engineered to evolve with our users' needs including those renovation or jobsite-related. The 3, 6, 6 PLUS and 10-qt units provide even more versatility with the newly launched Blower Door Accessory—a product engineered to help remove the smallest dust particles from any renovation project. The Blower Door Accessory includes two doors with a blower hose port that replaces the original exhaust filters for easy conversion.

Keep entrances and jobsites clean. Ensure a clean and dry walkway with the blower door accessory by blowing remaining debris out for a final, detail clean

Maintain your equipment's condition and use the Blower Door Accessory to blow off any remaining dust and debris to keep equipment in top working order

Additional applications include:
 Wood Floors Refinish
 Entryway / Jobsite
 Maintenance

The right tool for the right job

A cleaning or contractor professional is only as good as the equipment. Even when using a high-efficiency ProTeam backpack vacuum, a worker can still improve productivity & pickup by opting for a more effective tool component.

"Tools are everything," said Chris Langdon, the owner and president of Complete Restoration Services. "If you don't have the right tools, the work will suffer."

Part No.	Product Name	Recommended Use	Product
107676	GoFit Blower Door Accessory	<p>Ideal for wood flooring renovations and jobsite clean up, the Blower Door Accessory ensures precise and consistent airflow control while removing fine sawdust and debris</p> <p>Can be used with the GoFit 3, 6, 6 PLUS and 10-qt models</p>	

The GoFit Series benefits

Innovated to replace ProTeam's first iteration of low profile, triangular-shaped backpack vacuums called the Super Coach Pro®—the GoFit Series is the faster and more comfortable way to clean. Schedule a free demo by visiting proteam.emerson.com/experience-gofit.

COMFORT YOU CAN COUNT ON — new to the GoFit Series is the quick-adjust 4-step FlexFit® harness, which provides a customized fit for every cleaning professional

NEW 3-QT SIZE — ideal for those with a smaller frame or individuals seeking a lighter backpack vacuum option, the new GoFit 3-qt offers the same high performance and suction as larger capacity models
