112-5ORB-A	Oil Rubbed Bronze

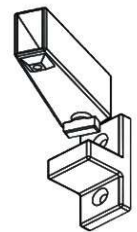

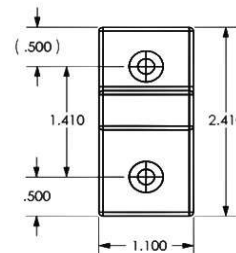

PATENTED T-PLUG DESIGN

- PATENTED DESIGN #USD752421S
- EASY ONE PERSON INSTALLATION

ADJUSTABLE FROM 42 TO 62 INCHES

- TOTAL INSTALLED LENGTH WILL VARY PER APPLICATION
- NO CUTTING REQUIRED

To cut the shower rod down please follow these instructions: Measure the total opening of the shower/tub enclosure and subtract that number from 60 inches, the remaining number is what will need to be cut from the shower rod. Example: 58 inch opening minus 60 inches leaves 2 inches to cut. It is best to cut equal amounts off both ends, this insures a proper fit.

INSTALLATION:

Screw the wall brackets onto the wall first. Be sure to measure and level each wall bracket. Once complete attach the bar receivers to the wall brackets via the patented T-Plug and insert the shower rod approximately 2 inches into one of the mounted bar receivers. Slide the shower rod towards the second empty bar receiver mounted on the adjacent wall and insert approximately 1 inch. Use the provided set screws to lock everything in place.

WOOD BLOCKING IS THE PREFERRED METHOD OF INSTALLATION

Limited Warranty:

Preferred Bath Accessories Inc. warrants to the purchaser that the product will be free from defects in material and workmanship. If the product does not comply with this warranty, Preferred Bath Accessories Inc. will repair or replace the product or, at Preferred Bath Accessories Inc's. option, refund the purchase price.
