Product

Gold Hook & Loop Discs

Gold Hook & Loop Discs Stearate Coated
Aluminum Oxide C-Weight

1. Description of Product

Dimensions(in):	5"
Grit:	100
Abrasive:	ALUMINIUM OXIDE
Part Number:	SD-50HG5100

1. Application

- Provides exceptional sanding performance.

2. Operating instructions

- Use on a rotary-orbital sander.
- Mount the disc and let it spin for one minute to verify that it is not damaged.
- Do not press excessively, or hit against the backing material job.

3. Safety information

- It is recommended to use full safety equipment (gloves, hearing protection, mask and safety glasses).
- Improper use can cause severe injury.

4. Handling

- Initial inspection must be done on packaging original. If there is visible evidence of damage, the merchandise must not be accepted.
- Handle discs with care to prevent shocks falls or tears. If a disc is fractured, a section detached, or is suspected of having damage, should not be mounted.

5. Storage

- Store discs on a flat surface for at least less than 10 centimeters from the ground, away from wet, cold, hot surfaces or of any kind fluid, the ideal storage conditions for these products are 40 to 50% relative humidity and a temperature between 15 and 29 ° C.

6. Packaging units

- Box Quantity: 50
- Case Quantity: 500
