

WONDER GRILL

Oven and Grill Cleaner

Recommended for use ONLY on porcelain enamel, iron, stainless steel, and certain chrome surfaces. DO NOT get on exterior oven surface such as aluminum and chrome trim, baked enamel, coppertone or painted areas, or on linoleum or plastic. If it should accidentally come in contact with these surfaces, wash off immediately with water and vinegar.

PRODUCT INFORMATION:

- Dissolves grease on cold or preheated surfaces
- Use on ovens, grills, hoods, vents, griddles and more
- Economical, ready-to-use formulation

pH..... 13.0 - 14.0
FormLiquid
FragranceOdorless
ColorViolet
Packaged4/1 gal Case

DIRECTIONS FOR USE:

Read all precautions before using. Spread newspapers under oven door. Use either in warm oven (200°F) or cold empty oven. **NEVER USE ON HOT OVEN!** Clean racks separately. After putting on rubber gloves use applicator to carefully brush on oven surfaces. Avoid splattering and always stroke away from you. Apply to back panel of oven first, then to sides, bottom, top and finally the oven door.

Close door and allow to work 20 - 30 minutes. Then wipe clean with a wet cloth, sponge or paper towels. In Federally inspected meat and poultry plants, this product must be rinsed off of grill and oven surfaces with potable water. Rinse applicator and gloves immediately after using.

NOTE: Keep spray off electrical connections, light switches, bulbs, and receptacles. For very heavily encrusted areas, repeat application, using steel wool or soap pad. Ideal for cleaning barbecue grills, and stainless steel, using the same precautions. Do not allow liquid to remain in contact with aluminum or similar metals for extended periods of time.

IMPORTANT SAFETY INFORMATION:

DANGER

May be corrosive to metals. Causes severe skin burns and eye damage.

Keep only in original container. Do not breathe vapors. Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection.

FIRST AID: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or physician. **IF ON SKIN (or hair):** Remove immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
