

FUNCTIONAL • EFFICIENT • SMART • SAFETY WITHOUT SACRIFICE

**CERTIFIED
ANSI-121**

- Gives Slack Where You Need It
Locks Out for Unrestricted Movement
- Single Hand Operation
Simple tug retracts the cord
- 1LB Certified to ANSI-121
Carabiner or Split Ring Tool Attachment

GIVE YOURSELF SOME SLACK

Whether complying with safety guidelines or just trying to prevent needlessly chasing tools, the Ratch-It System helps you work smarter. The locking mechanism works in 5" intervals, creating much appreciated slack for small tools, phones and electronics. A simple tug engages the retractor, pulling your tools back to your side. Work safe with less nuisance, use the Ratch-It Tool Tether.

ITEM#	CORD	TOTAL REACH	ANCHOR ATTACHMENT	TOOL ATTACHMENT
