

# MINI-BAK® SUPER DUTY

## HEAVY DUTY KEY MANAGEMENT SYSTEM

Designed to meet the high demands of today's nurses, the Super Duty MINI-BAK® has more holding power and is more secure than any other badge reel available. We've replaced the traditional vinyl ID badge snap strap with a longer, stronger industrial-grade strap. This new version has both a pull-over and screw-post closure to secure all of your necessary credentials and access cards. We've even included a split-ring for those locker/cabinet keys. All on a twist-free end-fitting!

The MINI-BAK® ID Badge Reel produces 90% less waste and has been tested to last 10X longer than disposable badge reels. Backed by industry best 1-year warranty.
