

Universal Hanging Bins

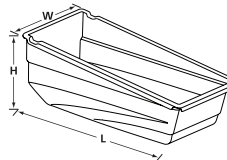

Versatile bins adapt to changing storage needs

- Uniquely designed bin can be hung from any of its four sides on louvered panels, creating different bin profiles
- Bins are sized for standard shelving units, but also hang on rails or louvered panels for maximum versatility

FEATURES

- 1 Sloped-side hanging lip lets bin hang at an angle for maximum visibility and part access
- 2 Flat-side hanging lip keeps bin level when hanging for maximum fill capacity
- 3 Rear hanglock allows bin to tilt out on steel or wire shelving units
- 4 Divider slot provides additional storage options
- 5 Integrated lid holes allow for easily attaching optional Crystal Clear Dust Protection Lids
- 6 Bin widths are sized to maximize storage space on standard width steel and wire shelving units

COLORS
Red, Yellow, Blue, Clear

One color per carton; Specify Red, Blue, Yellow or Clear. Order in carton quantities. CAUTION: When using bins with hanging systems, do not exceed the weight capacity for the rack.

One Bin Does it All!

Hanging from the back creates a sloped picking bin without a pick rack, keeping parts visible and accessible

Hanging from the front creates a standard bin profile, and the bin can be filled to maximum capacity

Hanging from the side provides space savings in the work area. (Louvered panels only)

Dividers expand storage options; Crystal Clear Lids attach from either end of the bin
