

TRI-FOLD® RESTRAINTS

- Easily Carried
- Rapidly Applied
- Oversized Loops
- Smooth Pull
- Extreme Strength
- Covered Lock

ASP Tri-Fold Disposable Restraints are compact, easily carried and rapidly applied. Specifically designed to law enforcement standards, their wide, brightly colored straps have no sharp edges. Tri-Folds open to oversized loops of incredible strength.

The Roller Loc® ratchet has an extremely smooth pull with a covered locking mechanism. These are the most tactically sophisticated disposable restraints on the market.

ASP Tri-Folds . . . Disposable Tactical Restraints

Tri-Folds® feature a recessed identification plate and textured writing surface.

Strength Tested for your safety

Background

- Specifically designed as a law enforcement restraint
- Compact
- Easily carried
- Rapidly applied
- Tri-Ring pull
- No sharp edges
- Wide, brightly colored straps
- Extremely strong, oversized loops
- Smooth pull Roller Loc® ratchet
- Covered locking mechanism

Specifications

Strap Length	21"
Strap Width	.5"
Strap Thickness	.080"
Block Thickness	.060"
Loop Diameter	6"
Pull Holes	.25"

Straps

- Injection molded thermoplastic
- .5" wide safety strap
- Rounded edges
- High strength micro-tension teeth
- Three position diamond folds
- Safety Yellow
- Tactical Black
- Training Red

Clip Cases carry two Tri-Fold Restraints.

Ratchet

- Smooth, single tooth pull
- Roller Loc retention system
- Pick resistant
- Covered locking mechanism
- Will not pull through

Retaining Block

- Smooth profile
- Reinforced top and base

Assembly

- Twin high strength straps
- Molded connecting block

Setup

- Carried with straps folded in three locations
- Straps pop open to a diamond configuration
- Ends may be pushed up for easy gripping
- Straps may be retracted for easy storage

Application

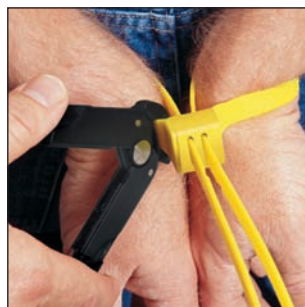

- Pop the Tri-Fold open
- Place the restraints onto the subject's wrists
- Pull the straps to tighten

Single Pull Design

- Both straps may be tightened with a single pull

Automatic Spacing

- Integral Retaining Block spacing
- Helps avoid over tightening
- Facilitates removal

Scarab® cutters snap onto a keyring. They remove restraints with compound leverage.

Identification

- Recessed identification plate
- Textured writing surface
- Large marking area on each strap

Packaging

- Six restraints per bag
- Re-sealable
- Self-locking top

Clip Case

- Holds two Tri-Folds
- Open top
- Clip-on design

Carabiner

- Forged aluminum clip
- Black
- Tactical carrier

Tri-Fold Ring

- Injection molded
- Black
- Foldable
- Detachable
