Aspira™ Modular Desk System

Durable. Made to last.

Aspira™ Modular Desk System

A Revelation in Reconfiguration

Whether your office stylings are trendy, traditional or transitional, Aspira™ is the answer to fully integrated office environments that work. Neutral colors provide a pleasing addition to any office setting. Each piece is ergonomically designed for comfort. Intelligent design means Aspira™ furniture pieces can be arranged and reconfigured easily to create a variety of highly functional work spaces and meeting places.

Aspira™ furniture pieces are constructed from a combination of foam filled, blow molded high density polyethylene with steel reinforcement. In addition to being as good looking as any metal finish, our furniture is dent and scratch proof, and won't rust. And...because it's washable, it stays clean!

Granite Inlay on Black   Granite Inlay on Platinum   Granite Inlay on Charcoal
Gray Inlay on Black   Gray Inlay on Platinum   Gray Inlay on Charcoal

Adaptability

Each Aspira™ module offers several distinctly different opportunities to customize your work area. By simply taking advantage of the reversible inlay, you can switch from the elevated style of a rich granite finish to the streamlined tech-like gray finish. It only takes a moment for an entirely different office appearance.
Colors

Black   Charcoal   Platinum

System

34″, 48″ and 60″ Desks

- Cable management and integrated grommets included with each desk
- Accessory sockets can hold optional Aspira Hutch
