

FOREVER-BOLT™

GUARANTEED FOR LIFE with **NL-19™**

FOREVERBOLT™ was developed for those who demand truly corrosion-free fasteners. The world has been waiting and now it's here.

With its unique NL-19™ process, FOREVERBOLT™ is taking the fastener to a new level of performance.

It's not a coating, it's science.

"Serving the world's need for a corrosion resistant fastener"

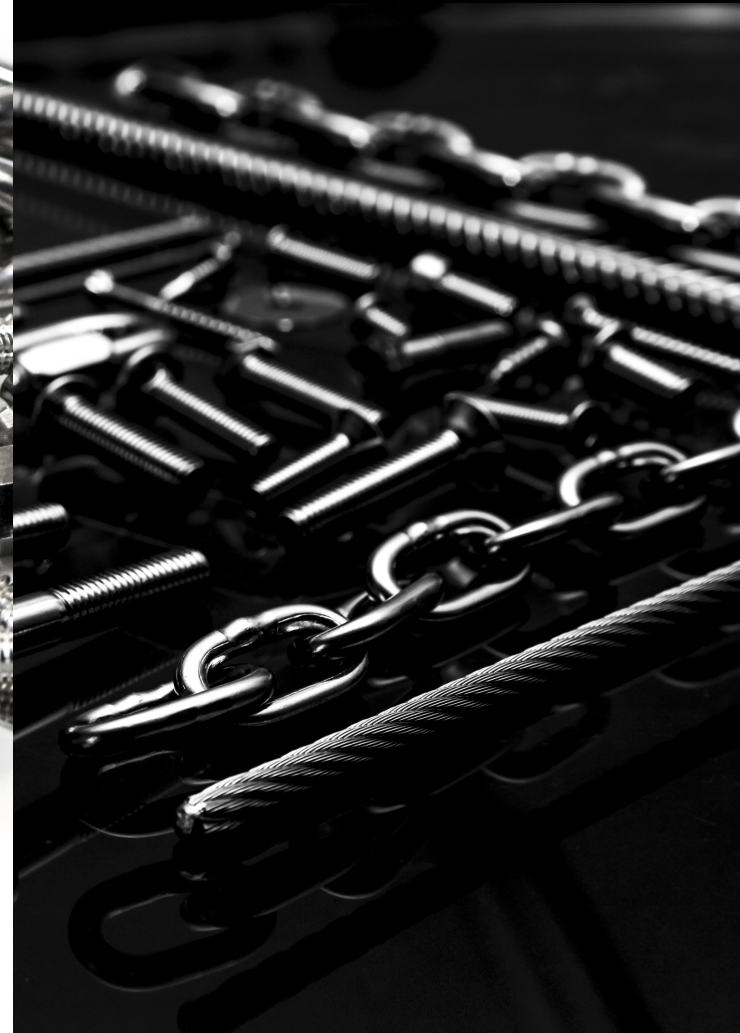

FOREVER-BOLT™

GUARANTEED FOR LIFE with **NL-19™**

It's not a coating, it's science.

FOREVERBOLT™

GUARANTEED FOR LIFE with **NL-19™**

WHY DO YOU NEED FOREVERBOLT™ ?

Our company has been developing the NL-19™ process for over 15 years. We have the engineering knowledge as well as a metal fabrication background that helps us understand how to make a better fastener. We understand the damaging effects of corrosion. Corrosion and the maintenance to prevent corrosion are extremely expensive. We are the only company to have our products "Guaranteed for life."

The NL-19™ process is an advanced corrosion protection that can dramatically reduce future maintenance and repair costs.

At FOREVERBOLT™, our mission is to prevent corrosion with our NL-19™ process. We employed a third party independent laboratory to expose our fasteners to rigorous testing. Twining Laboratory tested for hardness and tensile strength. As a result, the processed NL-19™ fastener yielded an additional 1.9% strength gain.

To further demonstrate how our product prevents corrosion, we used the ASTM B117 salt spray test (48 hour standard), an accelerated corrosion test that produces a corrosive attack to our treated sample. Our NL-19™ processed fastener was put to a 15 day (360 hour) salt spray test, and a 4 day (96 hour) open air exposure. That is 7 times longer than the standard 48 hours required. We are thrilled with the passing result which means no corrosion (see Testing on our website). Our FOREVERBOLT™ with NL-19™ process has exceeded and surpassed our expectations with amazing results.

The cost to prevent corrosion can be extensive when you factor in future inspections, maintenance, repairs, replacement of parts, backup inventory, and refurbishment.

Let us take the worry of corrosion out of your life. Our FOREVERBOLT™ with NL-19™ is an advanced corrosion protection which will make your life less labor intensive...MADE TO LAST!

PRODUCT LINE

- SS Socket Head Screws
 - SS Socket Head Button
 - SS Carriage Bolts
 - SS Flathead Phillips
 - SS Hex Bolts
 - SS Lag Bolts
 - SS Cap Nuts
 - SS Hex Nuts
 - SS Top Lock Nuts
 - SS Wing Nuts
 - SS Flat Washers
 - SS Fender Washers
 - 316 L SS Boat Snaps
 - 316 L SS Bolt Snaps
 - 304 SS Lag Screw Eye
 - 304 SS Hook Bolt
 - 304 SS Hose Clamps
 - 304 SS Screw Eye Bolt
 - 316 SS Quick Link
 - 304 SS Screw Eye
 - 304 SS Screw Hook
 - 316 SS Spring Snap
 - 316 SS Trigger Snap
 - Stainless Steel Cable
 - Stainless Steel Chain
 - 304 SS pop Rivets
 - Deck Screws
 - Pin & Torx
 - Metric
 - Rebar
- Also for your fabrication needs: Round tubing, square tubing, and all of your structural shapes
