

## RUST STAINS DON'T STAND A CHANCE.

Since 1958 Super Iron Out® has been number one brand because it works better on rust and stains than any other product. Super Iron Out cleans toilets, sinks, tubs, dishwashers, exterior surfaces and more. It cleans and maintains water softeners, and also whitens, brightens and removes rust stains from white clothing and fabrics.

Super Iron Out chemically changes rust and iron into a clear, soluble state that easily rinses away without scrubbing. It does not contain harsh or abrasive chemicals and is safe for white clothes and fiberglass, porcelain, or acrylic finishes.
