

ANTI-FATIGUE MATTING

IN YOUR BOOTS®

MEGAComfort's UNIQUE Anti- Fatigue Line

- ★ Original Patented DUAL LAYER Memory Foam Technology
- ★ Ergonomically Designed by a Podiatrist
- ★ Over 10 years of Research & Development
- ★ Clinically Proven & Tested to Reduce Pain & Fatigue

AVOID CHEAP IMITATIONS

MEGACOMFORT'S ORIGINAL *DUAL LAYER* MEMORY FOAM TECHNOLOGY

OVER 10 YEARS OF RESEARCH & DEVELOPMENT

All MEGAComfort® products are uniquely designed using a patented* combination of high density DUAL LAYER memory foam. The dual layers compress together and gently rebound with every step of the walking cycle.

All MEGAComfort insoles contain only 100% high density memory foam with no cheap fillers or additives and are machine washable.

*US Patent # 8,832,969

WHAT IS MEMORY FOAM?

- Unique material and cellular structure different from regular foam
- Made up of billions of high-density memory cells
- Temperature and pressure sensitive
- Softens up with heat, firms with cold
- Absorbs flow evenly to follow the body's natural curve

RESULTS

- MAXIMUM Comfort
- MAXIMUM Shock Absorption

Soft, Open-Celled Memory Foam
7lb/ft³ density reduces harmful shear forces and provides maximum comfort

Ultra High-Density Memory Foam
20lb/ft³ density and one-second rebound. Ergonomically moulded for maximum shock absorption and motion control

UNIQUE FEATURES

Ergonomically
Designed by a
Podiatrist

Original Patented

Technology

PRODUCT BENEFITS

Ongoing field tests show an average of **35%** reduction in pain

DECREASES

- Injury rates and medical costs
- Muscle fatigue
- Foot, knee, hip, and back pain

INCREASES

- Productivity
- Comfort and well-being
- Balance Reactions

Results from a field test: pilot program

ADVANTAGES OVER STANDARD ANTI-FATIGUE FLOOR MATTING

- ✓ Direct Contact with the Body
- ✓ Reduce the Risk of Slips, Trips & Falls
- ✓ Personalized Comfort Zone for All Workers [Stationary and Mobile]
- ✓ Lower Cost of Maintenance
- ✓ Easy to Install and Implement
- ✓ Various Budgets Can Be Used [PPE, Wellness, Footwear & Matting]

TESTIMONIALS

The Anti-Fatigue Mat insoles have reduced foot and lower back discomfort that I experience while wearing steel toed work boots. After standing and walking around on concrete, asphalt, and dirt all day my feet become sore and tired. The Anti-Fatigue Mat insoles have reduced this discomfort and make steel toed boots more comfortable over extended periods.
- Mike R., Safety Specialist

"After wearing your MEGACOMFORT megaorthotics for two weeks, I can say without hesitation that these create the most wonderful support and comfort to my feet. Thank you for designing such a phenomenal orthotic with supports you can switch out to wear as either heavy duty or for casual wear."

- Annabelle P.

ANTI-FATIGUE LINE

Distinctive Pattern
Designed to redistribute heel, ball, and toe pressure

Aeration Holes
Regulate foot temperature (all 3 layers)

Odor Reducing
Natural fresh scent

Heavy Duty Top Cloth With Silver Ion Technology
Anti-Fungal Anti-Bacterial Anti-Perspiration

Deep Heel Cup and Cushion
Semi-Hexagon design/shape eliminates shock impact of heel strike

Soft Contoured Arch Support

Machine Washable

Soft Open-Cell Memory Foam
7lb/ft³ Density reduces harmful shear force and provides maximum comfort

Ultra High-Density Memory Foam
20lb/ft³ and 1 second rebound. Ergonomically molded for maximum shock absorption and motion control

Personal
Anti-Fatigue Mat®

For Maximum Shock Absorption and Maximum Comfort

Recommended for use in Industrial Footwear

- Deep Heel Cup
- Soft Contoured Arch Support
