

**AUTOMOTIVE
CALIPER CLEANER**

DESCRIPTION AND USES

Rust-Oleum® Caliper Cleaner removes contaminants from brake calipers and drums such as brake fluid, grease, and oil. Use prior to painting calipers with Rust-Oleum Caliper Paint.

PRODUCTS

SKU	Description
251597	Caliper Cleaner

PAINTING APPLICATION

PAINTING CONDITIONS

Use outdoors or in a well ventilated area such as an open garage. Use when temperature is between 50-90°F (10-32°C). Avoid spraying in very windy and dusty conditions. Cover surrounding area to protect from spray mist.

SURFACE PREPARATION

Brake dust may contain asbestos. Remove all loose brake dust with an enclosed cylinder/HEPA vacuum. To reduce exposure to air-borne asbestos fibers, do not use Caliper Cleaner to remove dry or loose dirt.

PRODUCT APPLICATION (cont.)

APPLICATION

Shake can vigorously for one minute. Shake often during use. Hold can 10-16" from the surface and spray in a steady back-and-forth motion and allow to run off or wipe dry with a clean cloth. Repeat as necessary for areas with heavy deposits. Do not apply to brake linings, painted surfaces, plastic, or parts made of rubber. Do not use near open flame.

CLEAN-UP

Properly discard empty container in trash container. Do not burn or place in home trash compactor.

CLOGGING

If the valve clogs, twist and pull off spray tip and rinse in a solvent such as mineral spirits. Do not insert any object into can valve opening.

**TECHNICAL DATA****AUTOMOTIVE CALIPER CLEANER****PHYSICAL PROPERTIES**

	CALIPER CLEANER
Resin Type	NA
Solvent Type	Blend of acetone and aromatic hydrocarbons
MIR	1.90 Max
Fill Weight	11 ounces
Practical Coverage at Recommended DFT	4-8 calipers/can
Shelf Life	5 years
Flash Point	-156°F (-104°C)
Safety Information	For additional information, see MSDS
