STARDUST EcoChoice™ VIRGIN RECYCLED SORBENTS™ are a remarkable, environmentally friendly leap forward in sorbent technology. Gone are the energy wasting production methods and contents of traditional meltblown polypropylene sorbents. Those meltblown items used to be your only choice for sorbent pads, pillows, socks, booms, drum top pads, and rolls, but now you can benefit from the STARDUST EcoChoice™ breakthrough that introduces the sorbents of the future.
