

Clorox Commercial Solutions®

Tilex® Disinfecting Cleaners

Tough Cleaning Solutions for Tough Mildew Problems

Kills Mold and Mildew

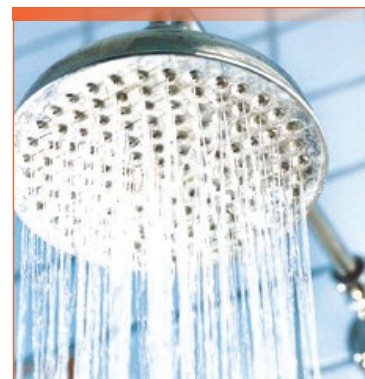

Tilex® Disinfects Instant Mildew Remover kills mold and mildew by utilizing the cleaning and disinfecting agents of Clorox® Bleach. This EPA-registered disinfectant also kills *Staphylococcus aureus* (staph), *Streptococcus pyogenes* (strep) and *Trichophyton mentagrophytes* (athlete's foot fungus).

Brilliantly Whitens

Restroom cleanliness reflects highly on the overall perception of a facility. Tilex® Disinfects Instant Mildew Remover cleans and whitens tile and grout for an intense clean to help make your job easier and keep your patrons satisfied.

Cleans Without Scrubbing

It's not enough to simply remove stains. Eliminating mold and mildew while you clean can help prevent future growth. Tilex® Disinfects Instant Mildew Remover destroys ugly mold and mildew and removes stains without the scrubbing some cleaners require.

THE COMPLETE CLEAN

HEAVY DUTY CLEANING

Science of Clean

Count on Tilex® Disinfecting Cleaners to Handle the Tough Jobs

Brilliantly Cleans and Whitens Tile and Grout

Mildew is more than just an ugly stain. It is a living fungus that anchors itself to bathroom surfaces. Tilex® Disinfects Instant Mildew Remover easily cleans tough mildew stains more effectively than the leading competitor. No scrubbing required!

- Removes mold stains and mildew stains without scrubbing
- Disinfects as it cleans with the power of Clorox® bleach

Economics of Clean

Proper Restroom Care Is Important to Your Business

By Using Tilex® Disinfecting Cleaners, You Can Improve Your Business:

Clean and Disinfect in One Step

When you disinfect while cleaning, you can help reduce the spread of illness-causing germs while improving the aesthetics of the facility.

Reduce Risks Associated with Mold and Mildew

If mold and mildew are not kept in check, they can lead to health concerns for building users and may damage the building itself. In certain circumstances, prolonged exposure to mold and mildew can lead to adverse health effects for building occupants.

Versatile Uses

Use on a wide variety of surfaces where mold and mildew lurk.*

SHOWERS: glazed ceramic tile, grout, fiberglass, shower doors, vinyl curtains

BATHROOMS: ceramic tile, grout, toilets, sinks

KITCHENS: counters, sinks, no-wax floors, refrigerator seals

*Use as directed on hard, nonporous surfaces.
