Crack Shot

Ant & Roach Spray

Penetrate into cracks and crevices to kill crawling insects with this ready-to-use, water-based spray. It provides a quick kill plus residual action to keep insects under control for 4 weeks. The non-staining formula can be sprayed directly on baseboards, windowsills and behind sinks to control ants, roaches, ticks, crickets, silverfish, cover mites, centipedes, fire ants and spiders.

Benefits:

- Quick-killing, non-staining formulation
- Controls a wide range of crawling pests
- Penetrates into cracks & crevices
- 4 weeks of residual control

Applications:

This product is designed to be applied as a wet stream to infested areas and hiding places such as behind and beneath refrigerators, sinks, dark corners, garbage bins, etc. Particularly useful in:

- Maintenance services
- Parks and recreation
- Building maintenance
- Restaurants
- Grocery stores

Directions for Use:

Spray on insect nests and areas where insects are likely to be found.

Base Code: R060
