Eliminate Odors and Insects

Dumpster Deodorizer

These exclusive fragrance crystals eliminate a broad spectrum of malodors in dumpsters, trash compactors, sewage treatment plants, landfills, garbage trucks, dumpsites, etc. Special citronella oil additive works to keep flying insects at bay.

Benefits:

- Contains citronella oil which helps control insects and keeps them away from refuse areas
- Easy to use – sprinkle on malodor; no mixing, no mess
- Economical, highly concentrated formula – a little bit goes a long way
- Long-lasting, pleasant cherry fragrance

Applications:

- Cleaning & maintenance services
- Eating & drinking establishments
- Hospitals & medical clinics
- Kennels
- Nursing homes
- Sewage treatment plants
- Dairies, barns & stables
- Garbage collection trucks
- Hotels & motels
- Landfills
- Rendering plants
- Schools & education services

Directions for Use:

In garbage cans, compactors, dumpsters and disposal trucks: Sprinkle on bottom of container to deodorize and absorb excess moisture. It is most effective when applied immediately after container has been emptied or truck unloaded. As container is filled, scatter more over the top of the refuse. **On floors, indoors or outdoors:** This product can be added to sweeping compound or scattered over the floor for use in large areas where strong odor problems exist. Simply sweep in the usual manner.
