Grime be Gone

Heavy Duty Truck and Trailer Wash

A caustic based truck wash that can be used in prep areas, as shampoo presoak in car, truck and bus washes.

Benefits:

- Can be used on any surface typically located in a car/truck wash operation
- Highly concentrated makes for a cost effective product
- Free rinsing

Applications:

Excellent for use in:

- Car, Truck and Bus Washes
- New and used car dealers
- Car and truck rental and leasing

Directions for Use:

See product label for complete directions.

This product is a concentrate and MUST be diluted as directed for use. For use in California see note below*.

CAR AND TRUCK WASHING: Mix one part product with 128 to 200 parts water and apply to vehicle surface under low-pressure spray. IN A TWO-STEP PROCESS: Follow application directions outlined above immediately after the application of a low pH detergent. WHEEL AND TIRE CLEANER: Mix 1 part product with 10 to 30 parts water and apply to wheels and tires.

TRAIN AND BUS WASHING: Mix 1 part product with 10 to 100 parts water and apply to vehicle under low-pressure spray.

NOTE: Use caution when cleaning polished aluminum or magnesium surfaces as streaking may occur. When air temperature exceeds 70°F (21°C), use care to avoid excess contact time and/or drying without proper rinsing, as paint damage may occur.

*NOTE TO CUSTOMERS IN CALIFORNIA: For TRAIN AND BUS WASHING, this product may not be used at a use concentration greater than 1 part product to 45 parts water.
